SUBJECT INDEX TO VOLUME XLI

ABDOMEN, Abdominal adhesions, 230; Endoscopy of the, abdominoscopy, a preliminary study including a summary of the literature and a description of the technique, 259; Abdominal hysterectomy for hydatidiform mole, 353

Abdominoscopy, endoscopy of the abdomen, a preliminary study, including a summary of the literature and a description of the technique, 259

Acetabulum, Osteo-arthritic protrusion of the, 449

Acid treatments, A report of six cases of rhinophyma cured by radical operations followed by X-ray and, to relieve the associated hypertrophy of the skin and to reduce the operative scars to a state of invisibility, 99

Acromioclavicular joint, Separation of the, 73

Acromion, Separation of the acromioclavicular joint, 73; The calcerous deposits of so-called calcifying subacromial bursitis, 404

Adenocarcinoma occurring in a pedunculated growth, tr. 119

Adhesions, Abdominal, 230

Adnexa, Results in surgery of the uterus and, 825

American College of Surgeons—
Clinical Congress of Surgeons, 245, 385, 542
Presidential address, Endo-aneurismoraphy, Rudolph Matas, 701

Anomalies, Congenital absence of both lungs, 375; A developmental, of the patella frequently diagnosed as fracture, 601

Aneurism, of Scarpa's triangle, 817; Endo-aneurismoraphy, 701

Anus, Umbilical artificial, 103

Aorta, An analysis of forty-one cases of thrombo-angiitis obliterans, with a report of a case involving the coronaries and the aorta, 21

Apophysitis of the os calcis, 579

Appendix, Specimen of carcinoma of the, tr. 529

Artery, An analysis of forty-one cases of thrombo-angiitis obliterans with report of a case involving the coronaries and the aorta, 21; Control of accidental hæmorrhage from cystic, 367; Fractional ligation of the common carotid in the treatment of pulsating exophthalmos, 565

Arthroplasty, The present status of, ed. 843

BLADDER, Hæmangiomata of the, and ureter, 49; Urography, ed. 114; Cystic inflammation of the vesical neck and of the prostatic urethra, 162; Permanent occlusion of an intractable vesicovaginal fistula by a trachelоplastic flap, 358; neoplasms, brief series from department of urology, Royal Victoria Hospital, Montreal, Quebec, 773

Blastomycosis, Systemic, 490

Blood, Notes on the Davis and Cushing method of salvaging, during major intracranial operations, 107; A normal obstetrical case in which the infant's blood showed a distinct typing, tr. 122; Viscosity of the, in the pregnant, tr. 534

Blood transfusion, to date, 513; by the direct syringe-cannula needle method, its application in major surgery, 678

Blood vessels, An analysis of forty-one cases of thrombo-angiitis obliterans with a report of a case involving the coronaries and the aorta, 21; Control of accidental hæmorrhage from the cystic artery, 367; Hæmangiofibroma, 375; Fractional ligation of the common carotid artery in the treatment of pulsating exophthalmos, 565; Endo-aneurismoraphy, 701

Body rest, for maintaining patients in prone position following intracranial operations, 687

Bone, an adjustable splint, 105; Cartilaginous tumors of, a further note on a case of central myxochondroma, cor. 241; Osteitis fibrosa cystica, report of six cases, 481; Osteitis fibrosa and the hyperostotic form of bone syphilis, a comparative anatomical and roentgenological study, 624; Does bone form from osteoblasts or from a metaplasia of the surrounding connective tissue, 740; Bone formation in the thyroid gland, 794; The present status of arthroplasty, ed. 843

Borderline cases, ed. 522

Bowel, large, Enteroliths and diverticula, especially enteroliths contained in diverticula of the, report of a case, 185

Brain, Notes on the Davis and Cushing method of salvaging blood during major intracranial operations, 107; An operation for the total removal of cerebellopontile (acoustic) tumors, 129; The treatment employed in one hundred and twenty-five consecutive cases of head injuries, 347; The intracranial complications of posterior sinus infections; report of an unusual case with autopsy findings, 589; A body rest for maintaining patients in prone position following intracranial operations, 687

Breast, Ectopic carcinoma of, tr. 121; Further experience in cancer of the, 342

Bronchoscopic treatment of lung abscess, 573

Bumm, Ernest, 124

Burns, Injurious influence of the use of the ultra-violet ray on old X-ray, 97; Tannic acid in the treatment of, 202

Bursitis, The calcareous deposits of so-called calcifying subacromial, 404

CÆCUM, Right ureteral obstruction due to short cæcal mesentery, 836

Cæsarean section, after the test of labor, description of author's technique, 502

Cancer, Further experience in, of the breast, 342; Three-stage operation for radical resection of the colon for, with report of a case, 497

Cancer cell and nature's defensive mechanism, 783

Carcinoma, Ectopic of the breast, tr. 121; Specimen of, of the appendix, tr. 529

Cerebellopontile (acoustic) tumor, An operation for the total removal of, 129

Cerebrospinal fluid, A manometric study of the, in suspected spinal cord tumors, 429

Cervix uteri, Oedema and hypertrophy of the, during the puerperium, 156; Uterus from woman dying from sepsis and hæmorrhage from tear of, tr. 235; A consideration of the, from the standpoint of its sphincter properties, 473; Levator of, with illustrations, 834

Chemotherapy, with rivanol, 2 aethoxy—6.9 diaminoacridine, 79

Chest, Combined satchel handle or tubed pedicle and large delayed whole skin pedicle flaps in a case of plastic surgery of face, neck and, 493

Chicago Gynecological Society, 119, 235, 375, 529
Cholecystectomy, A liver pack following, for acute cholecystitis, 839
Cholecystitis, A liver pack following cholecystectomy for acute, 839
Clavicle, Separation of the acromioclavicular joint, 73
Colon, Three-stage operation for radical resection of the, with report of a case, 497
Cragin, Edwin Bradford, 845
Cranium, Notes on the Davis and Cushing method of salvaging blood during major intracranial operations, 107; An operation for the total removal of cerebellopontile (acoustic) tumors; 129; The treatment employed in one hundred and twenty-five consecutive cases of head injuries, 347; The intracranial complications of posterior sinus infections, report of an unusual case with autopsy findings, 589; A body rest for maintaining patients in prone position following intracranial operations, 687

DAVIS, William Elias Brownlee, 693
Davis and Cushing method of salvaging blood during major intracranial operations, Notes on the, 107
Defensive mechanism, The cancer cell and nature's, 783
Deltoid paralysis following shoulder injuries, 451
Diabetes, Is disease of the gall bladder a cause of diabetes mellitus, 75; in surgical patients with especial reference to insulin, 272; Diabetic and non-diabetic glycosuria in the surgical patient, 454
Diathermy with metal electrode as a possible adjuvant in the treatment of gonorrhœa in women, 31; Radiation therapy in deep-seated malignant disease, 443
Duodenobiliary drainage, Further observations on the effect of, on the visualized gall bladder, 284
Duodenum, Chronic peptic ulcer in children, 63; Further observations on the effect of duodenobiliary drainage on the visualized gall bladder, 284; Oblique gastroduodenostomy in the treatment of ulcers of the, and stomach and cancer of the pylorus, 509; Duodenal ulcer as a complication of pulmonary tuberculosis, 664; One thousand operations for gastric, duodenal, and jejunal ulcers, 771
Dystocia, Iniencephalus, a cause of extreme, 180, tr. 236

ECLAMPSIA, Etiology of pre-eclamptic toxæmia from a clinical aspect, 194, tr. 237
Ectopic gestation, The value of leucocyte count as an aid to diagnosis in, 655
Elbow fractures, and dislocations, cor. 377
Endo-aneurismoraphy, 701
Endometrium, A critique on the histogenesis of heterotopic endometrial proliferations, 36
Endoscopy of the abdomen, abdominoscopy, a preliminary study, including a summary of the literature and a description of the technique, 259
Enteroliths and diverticula, especially enteroliths contained in diverticula of the large bowel, report of a case, 185
Epidermal cyst, Occlusion of the vagina, one case with, tr. 123
Epididymis, The mechanism of epididymitis, 15
Epididymitis, The mechanism of, 15
Exophthalmos, Fractional ligation of the common carotid artery in the treatment of pulsating, 565

FACE, Combined satchel handle or tubed pedicle and large delayed whole skin pedicle flaps in a case of plastic surgery of, neck, and chest, 493
Fallopian tubes, Uterine fibroid with a second large fibroid growth attached by a pedicle to the peritoneal surface between the left tube and round ligament, papillary development appearing on the peritoneal surface of the, and ovary, tr. 235; Hæmatosalpinx, ruptured corpus luteum, tr. 529; A study of the intramural portion of normal and diseased tubes with special reference to the question of sterility, 646; A simple method of determining patency of, 686
Fat, Fatty tumors of the uterus, 642
Fetus, Fetal heart sounds as a diagnostic aid, tr. 530; amorphus, report of a case, 171
Fibromyomata of the uterus, Degeneration of, 333
Foramen of Winslow, ed. 115
Fractures, An adjustable splint, 105; of the lower end of the radius, 287; Elbow, and dislocations, cor. 377; The treatment of, ed. 690

GALL bladder, Is disease of the, a cause of diabetes mellitus, 75; Jaundice, 166; Further observations on the effect of duodenobiliary drainage on the visualized, 284; Control of accidental hæmorrhage from the cystic artery, 367; Certain considerations in the technique of, surgery, 778; A liver pack following cholecystectomy for acute cholecystitis, 839
Gall tract, Some debatable points in the surgery of the, 92
Gas gangrene in civil practice, with a report of three cases, 187
Gastro-duodenostomy, Oblique, in the treatment of ulcers of duodenum and stomach and cancer of pylorus, 509
Gastrectomy, Total, with report of a case of linitis plastica treated by a complete excision of the stomach, 667
Gastric surgery, Basic principles and supreme difficulties in, cor. 688
Glycosuria, Diabetic and non-diabetic, in the surgical patient, 454
